Service is the perfect fit

BUSINESSES who want to make the right impression recognise the importance of a well-dressed team.

The skills and experience of Samuels The Tailors can make all the difference.

The Wellingborough-based tailors have worked with a wide range of businesses to help ensure teams have corporate wear which not only looks good but also meets the demands of the job.

Sam, who has been in the tailoring business for more than 34 years, supplies garments from the Brook Taverner collection, recognised as one of Europe's leading suppliers of corporate wear.

Samuels are then able to work with businesses to ensure each member is happy with the fit and style. A wide range of satisfied clients

include Wellingborough-based motor dealerships Broad Green Peugeot and York Ward & Rowlatt.

Businesses appreciate the tailor's attention to detail and members can have the ready-made suit altered to meet their preferences. Sam, who works closely with his wife Julie, said: "It means we can alter garments to suit individuals. If a woman prefers a straight legged trouser rather than bootleg we can do this or a taller man can have a well-fitting pair of trousers.

"When people look good they feel more confident and this does make the right impression."

The tailors have worked with businesses in a wide range of sectors including many which have teams who deal direct with clients.

Richard Reynolds, General

Manager at Broad Green Peugeot, said: "When we were looking for a stylish solution to finding corporate wear for our team Sam was able to supply us with outfits that not only fit well but stay looking good whatever the demands of a busy dealership."

Other specialist services available at the tailors include garment alterations, while professional bespoke tailoring, when garments are made from scratch, is another service which has earned the tailors an enviable reputation.

"We take a real pride in whatever we do and believe in offering a high level of service to all of our customers, private and corporate," said Sam.

Samuels the Tailors is based at 34 Sheep Street, on the first floor. Call 01933 272643 or see the website www.samuels-thetailors.co.uk

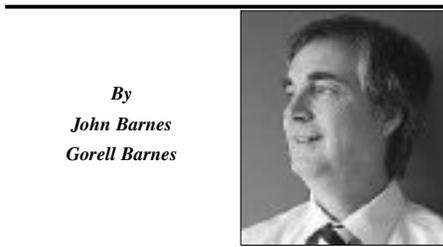

Town is now firing well in all sectors

THE town continues to be on the rise, especially now that the two very large residential developments are commencing in Wellingborough. West or Wellingborough East, the land being promoted on the other side of the mainline railway station by Bovis Homes, will be on site imminently to provide 3,000 homes over 1,000 acres.

Likewise, funding had been secured by BEE BEE Developments for the Wellingborough North land to be opened up for a similar number of homes.

In the immediate proximity to this, at Park Farm, Gorell Barnes are the joint agents for the development of three acres of land fronting Park Farm Way South opposite Bannantyne Leisure. The mixed-use proposed development will be submitted for planning in December and will comprise 50-plus houses together with two restaurants, a convenience store and other retail units.

Initial expressions of interest from occupiers is most encouraging and will be a welcome facility for the large scale B8 warehousing development that Prologis have

planning consent for nearby.

There is a general shortage of good commercial stock in the factory/warehouse sector but Gorell Barnes are pleased to be bringing on a 40,000 square foot such property on the Denington Industrial Estate close to the retail parks of Wellingborough. This will be available for sale or to let and on a prominent site of 2.2 acres at the junction with Crane Close.

As agents for Nene Court Retail Park, Gorell Barnes can confirm the availability of five units of approximately 1,000 square feet, each of which will be constructed next year but have receipt of planning. One unit is already reserved. The highly successful retail park has a mixed use of traders

including Bestbuys who are the anchor tenant, but is acquiring a good name for itself for individual shops, some with a leisure angle balance.

We are also marketing a shop of approximately 1,800 square feet that is available more immediately on this retail park.

Gorell Barnes has recently let office space in the town comprising about 3,000 square feet on a five-year lease which just confirms that all sectors from residential, development, industrial, retail and offices are all firing well in Wellingborough.

John Barnes is contactable on 01536 330100 or email john@gorellbarnes.com for further information or advice.
